Easy Installation/
Maintenance

◀ Key Features

Highly Integrated Design

Far more than just a screen, the C Slim screen is highly integrated, including controller, modules, cabinets, installation mounts, cables and all necessary display elements needed for the installation.

Ultra-Slim Frame

With a .2 in ultra-slim frame, the screen-to-body ratio reaches 98%, providing an immersive experience for all the viewers.

*The upper, left, right and bottom bezel are .2/.2/.2/.91 in respectively

*The thinnest part of the screen body is only 1.12 in

Refresh Your Vision

Experience stunning visual performance with Absenicon C Slim series. Every dark or bright detail looks vivid and clear with its 110% NTSC level colour gamut and 600nits brightness.

Easy and Reliable Content Sharing

Absenicon supports screen mirroring through computer, mobile phone and PAD screen. The screen share up to 4 devices at one time wirelessly, allowing creativity display simultaneously.

Smart Control

Absenicon brings the connectivity of smart TVs to a larger more dynamic LED display. And multiple functions can be realized through remote control.

Easy Installation and Maintenance

Support wall mounting, mobile stand installation, suitable for different indoor space environment. Simple installation process saves time and labor. In case of the LED module or internal component fails, it can be maintained from the front.

*C165S only supports wall mounted installation
